AB9EY-LES CHATTING AROUND THE WORLD

WB9LNU-JIM

MICHAEL SEARS / MSEARS@JOURNALSENTINEL.COM

Les Hundt (above, left) of Milwaukee and Jim Tromblay of Winneconne set up an antenna for a high-frequency radio. The pair from the Milwaukee Amateur Radio Club and other area ham radio operators were taking part in a recent amateur radio field day. After setting up antennas and radio gear at Ozaukee County Pioneer Village in the Town of Saukville, they spent the day seeing from which parts of the world messages could be received and sent.

Hundt (right) talks to another amateur radio operator in Russia on a high-frequency radio capable of sending and receiving voice signals around the world.

toward their post-high school
